Summary

ABSTRACT
The Certificat d'Études Primaires Elémentaires (CEPE) is administered annually by the Office National des Examens et Concours to grade 6 (ISCED 1) students in public and private schools. The CEPE has been administered for more than 50 years.

The CEPE is a high-stake and mandatory examination that certifies completion of primary education. It is a requirement for students wishing to pursue lower-secondary education (ISCED 2).

The CEPE is a written examination, administered face-to-face and delivered through paper-pencil tests. All test-takers are presented with the same cognitive booklets or tests, which are aligned with the national curriculum.

The CEPE serves the following purposes:
- student certification for completion of primary education
- student selection to higher education programmes or admission into specific courses or tracks
- supporting teachers (training, relevant materials, etc.)
- promoting competition among schools
- sub-national level monitoring of learning outcomes
- monitoring education quality levels
- planning education policy reforms
