RÉSUMÉ

The Primary Leaving Examination (PLE) has been administered annually since 1966 by the Uganda National Examinations Board to grade 7 (ISCED 1) students in public and private schools.

The PLE is a high-stake and mandatory examination that certifies completion of primary education. It is a requirement for students wishing to pursue lower secondary education (ISCED 2).

Passing the PLE allows reintegration of out-of-school children and youth into the school system at the next appropriate grade.

The PLE is a written examination, administered face-to-face and delivered through paper-pencil tests. All test-takers are presented with the same cognitive booklets or tests, which are aligned with the national curriculum.

The PLE serves the following purposes:

- student certification for completion of primary education
- student selection to higher education programmes or admission into specific courses or tracks
- school or educator accountability
- sub-national level monitoring of learning outcomes
- monitoring education quality levels
- planning education policy reforms

The PLE accommodates students with special needs, by providing the following arrangements:

- Hearing impairment: additional time, support staff, sign language interpreters
- Visual impairment: test materials with large font
- Language impairment: additional time and support staff
- Emotional disturbance: additional time and support staff

TYPE DE DONNÉES

Census (all students at the given grades or ages)

UNITÉS D'ANALYSE

Results are reported at the student, school, sub-national and national levels. Data are disaggregated by sex, geographic location (urban and rural), major cities and type of school (public and private).

Results are published in reports, which are available in print and online. Results are broadcasted on the radio and the television, and published in the media.

Champ

NOTES

The Primary Leaving Examination comprises four mandatory subjects administered in English. The subjects and the duration of each test are listed below:

- Mathematics, 150 minutes
- English language, 135 minutes
- Science, 135 minutes
- Social studies, 135 minutes

Description of test items: Test items consist of open-ended questions requiring short constructed responses.

Description of stimuli: Test stimuli consist of continuous, non-continuous and mixed texts.

Reporting metrics: Student performance is reported by average score.

Division one, two, three and four are each assigned to range of passing scores; however, the corresponding ranges are not disclosed. The best achievement is division one, and the minimum requirement to meet the national standard is division four.
